KATIE

Scientology

Ever since **Katie Holmes'** divorce from **Tom Cruise** in 2012, the 36-year-old actress has been hailed as a bold escapee from the Church of Scientology. Tom, 53, even acknowledged in a 2013 deposition (he was suing a publisher over claims that he'd "abandoned" their daughter, **Suri**, after the split) that Katie left him in part to protect Suri, 9, from his beloved church.

But now comes the revelation that Katie didn't always consider the cultlike religion so problematic.

In fact, insiders say, she once embraced it to the point where she filed a "Knowledge Report" with the church, informing on one of its most prominent longtime members, **Leah Remini**.

"Katie enjoys her

Katie went directly to the church to tattle about her issues with Leah Remini, according to sources.

Snitch!

BEFORE SHE SEVERED TIES WITH SCIENTOLOGY, **KATIE HOLMES** BROUGHT THE CHURCH'S WRATH DOWN ON ONE OF ITS MOST FAITHFUL

public image as a brave victim who ran away from Scientology for the sake of her little girl," says a source. "But the truth is, she was deeply involved in the church when she married Tom, and the report she filed was instrumental in getting Leah into serious trouble."

ANGER ZONE

Katie's complaints stemmed from Leah's behavior at Katie's lavish wedding to Tom in 2006, which was attended by both Hollywood and Scientology elite. According to journalist **Tony Ortega**, who has been exposing the church's dark secrets for years, Katie felt Leah, 45, "ruined" her wedding by arriving about an hour late and disrupting the seating plan so that she could be next to her friend **Jennifer Lopez**. (Leah also, Ortega

“Katie was deeply involved in the church when she married Tom”

says, dared to ask Scientology leader **David Miscavige** where his conspicuously absent wife was.) After the ceremony, Katie and Tom reportedly refused to shake hands with Leah and her husband, **Angelo**

Pagan, 47 – and the subsequent brouhaha sent church “handlers” into a panic.

Leah was subjected to four months of intensive interrogation and “reeducation” at Scientology headquarters in Clearwater, Fla., for which she was charged \$300,000. It was the beginning of the end of her involvement in a religion she'd been faithful to for 30 years. Ultimately, the disillusioned *King of Queens* star quit the church in 2013 – and she's now detailing its abusive practices in a just-published book, *Troublemaker: Surviving Hollywood and Scientology*.

EXPLOSIVE TELL-ALL

Leah's memoir – which has plenty to say about Tom and other celebrity Scientologists – is already generating shock waves inside and outside of the church, and the insider says Katie will feel its effects as well. “Katie's Knowledge Report kicked off Leah's downward spiral within Scientology,” the source says, “which led to Leah's leaving the church and being ostracized by her former friends. Katie should be very worried about the book, because she's going to have a hard time explaining all that. Like it or not, she wasn't an innocent bystander by any means.”

WEDDING BELLES

Leah Remini (center) blundered by insisting on sitting with Jennifer Lopez (with ex-husband Marc Anthony).

MODERN FAMILY

Katie and Tom (toting 7-month-old Suri) married in an Italian castle before family, friends and Scientologists.

Still sporting a bandage over his left ring finger, Jimmy hurt his right hand after this *Lampoon* parade.

While at Harvard, Jimmy tripped over someone kneeling in front of him, dropped a bottle of Jägermeister he was carrying and cut his right hand on the broken glass.

JIMMY'S BOOZING OUT OF HAND

Joking about his latest hand injury, suffered while he was being fêted by the *Harvard Lampoon* on Oct. 24, **Jimmy Fallon** said, "I'm so used to going to hospitals now. It's kinda fun." But the incident, which occurred four months after Jimmy, 41, almost lost his left ring finger in a home accident that required emergency surgery, has friends worried that his spills — and his drinking — are no longer a laughing matter. "Somebody needs to sit Jimmy

down and tell him that his next mishap could really hurt him," says an insider who's known the hyperkinetic *Tonight Show* host for more than a decade. "Or worse, hurt somebody else."

Jimmy has embraced a partying lifestyle since gaining fame on *Saturday Night Live*, says the source: "SNL is a drinking culture, and he developed some bad habits. Now it's tricky to confront him about his boozing because he's a huge hit on the late-night scene — and he celebrates that success with

regular drinking sessions." And while Jimmy dotes on his family — wife **Nancy Juvonen**, 48, and daughters **Winnie**, 2, and **Frances**, 11 months — "he doesn't see them much during the week anymore," the source adds. "He goes out to afterparties."

The host is careful not to drink at the office, the insider stresses — "He's very conscious of how young staffers view him" — but concerns about his behavior are escalating. Jimmy, though, "isn't admitting that he has a problem."

Kourt “doesn’t want Mason traumatized” by Caitlyn’s transition, says a source.

KOURTNEY AVOIDING CAITLYN

Kourtney Kardashian won’t be inviting **Caitlyn Jenner** to her party for her sons **Mason** and **Reign**, who share a Dec. 14 birthday — because she doesn’t want to serve up explanations along with the cake. “She thinks meeting Caitlyn would be especially confusing for Mason,” a source says. “He’s turning 6, so he’s old enough to remember Bruce.” She had hoped to have a therapist explain the transition to the tot, but that plan was shelved after she and **Scott Disick** split. “Mason is already dealing with his dad being gone,” says the insider. “He, not Caitlyn, is Kourtney’s priority.”

BEYONCÉ'S CUPS RUNNETH OVER

Beyoncé brought “the girls” out to play at a Tidal concert on Oct. 20, and an insider claims there’s a reason for her newfound cleavage confidence: She’s had a breast lift and laser treatments to smooth out stretch marks. After the birth of her daughter, **Blue Ivy**, in January 2012, breast-feeding took its toll and the singer, 34, “was keeping her body covered up,” says the source. Even husband **Jay Z**, 45, “noticed she wasn’t feeling her usual sexy self,” the insider says, adding, “Now she loves her breasts.” What’s not to love?

The singer went on a shopping tear for clothes that show off her newly perky breasts, according to an insider.

COLIN'S MONK MAKEOVER

Once a hard-partying playboy who was rarely seen without a babe on his arm or a cigarette in his mouth, **Colin Farrell** was perhaps Hollywood's least likely candidate for Zen Master. But sources say the Irish actor, 39 — father of sons **James**, 12, and **Henry**, 6 — has given up partying for clean living and Buddhist ideals. "Colin got sober for his boys, and now he says chanting and meditating are his new high," says an insider. "He's even quit smoking. But the most shocking element of his transformation is that he's gone celibate!" The source explains that sex "was the last frontier for Colin," who's famously romanced scores of high-profile women, from **Britney Spears** to **Demi Moore**. "It's all a bit extreme, but that's Colin's personality," the source says. "Some think he's gone off the deep end, but he says he's never been happier."

"Some men Colin met at a Buddhist temple raved about the clarity that came from sex fasts," says a source.

Brit's new mansion in Thousand Oaks, Calif., boasts more than 13,000 square feet of pure luxury.

BRITNEY'S SPENDING SPREE

Britney Spears has been on rampages before... but this time she's keeping her hair. Sources say the pop star, 33, made so much money from her Las Vegas residency — which she just extended for two years and \$35 million — that she's been splurging like crazy. "Between the jets, cars and a new \$200,000 wardrobe, she's blown through a good \$8 million in the past three months," says an insider. Meanwhile, her typically strict dad and conservator, **Jamie**, has reportedly loosened the reins on Brit — which might explain her buck-wild behavior!

MILEY OBSESSED WITH KSTEW

Looks like opposites do attract. **Miley Cyrus** is crushing so hard on **Kristen Stewart**, she's "on a mission to date her," says an insider.

Miley, 22, first revealed her "girl crush" in 2012 and recently reaffirmed it with an Instagram post declaring, "K Stew is hot!"

"Kristen is flattered," says a source, who adds that since the actress, 25, broke up with girlfriend **Alicia Cargile**, Miley is more determined than ever. Stay tuned!

Will Smith is gettin' jiggy with it once again! Sources say the *Men in Black* actor, 47, is returning to his *Fresh Prince* roots and recording a new album. But instead of collaborating with old pal **DJ Jazzy Jeff**, Will plans to tap his kids, **Jaden**, 17, and **Willow**, 14, for ideas. "They're helping him write some material and will even sing a few songs together," says an insider, who adds that Will's hoping his oldest son, **Trey**, 22, will also contribute. "Trey's a DJ, and Will would love to get him on the record." The source adds that Will's recent recording with Colombian dance group Bomba Estereo is to thank for reigniting his music bug: "He'd forgotten just how much he loves getting a crowd on its feet."

KHLOÉ UNDER ATTACK

Fans had Khloé Kardashian's back when she rushed to Lamar Odom's side following his near-fatal collapse at a Nevada brothel Oct. 13. But after she opened up about his health in a magazine cover story that also promoted her new book, they turned, accusing her of capitalizing on the tragedy. On Oct. 28, the beleaguered 31-year-old took to Twitter for a testy rant.

"Shame on you all for thinking the worst of me," she wrote, explaining that she'd done the shoot and main interview before Lamar fell ill and was obligated to do a follow-up. "Know the facts before you throw stones."

"It's been a tough few weeks," Khloé tweeted to her angry fans. "I don't need your [bad] energy."

"They will absolutely have more children," a source says. "It will just be on Jenna's terms, and right now she wants to wait."

Channing & Jenna's **BABY BATTLE**

While promoting *Magic Mike XXL* in July, **Channing Tatum** gushed about how life has changed since the birth of his daughter, **Everly**, 2. "I love being a dad," he said, adding, "[kids] show you things about yourself you wouldn't pay attention to before." In fact, a source says Channing enjoys fatherhood so much, he's eager to expand his family. The only problem? Wife **Jenna Dewan Tatum** isn't on board.

At a recent event in L.A., an onlooker says Channing, 35, "couldn't stop talking about Everly." But the witness says that when someone asked if they were working on a sibling for her, the couple weren't in agreement: "Channing said 'Absolutely,' while Jenna shook her head and said, 'Not yet.'"

Though Channing refers to her as Supermom, a source says that Jenna, 34, is not interested in having

a newborn and a toddler at the same time, imagining it would be total chaos. "Channing's work takes him away a lot, and she doesn't rely on hired help, so it would just be her caring for the kids," says the insider, who adds that Jenna also wants to get back into acting again.

But hope is not lost. The insider says Jenna does want another kid, "it's just about figuring out when." Sounds like Supermom has it under control.

A source close to the couple says Matthew thinks Camila's being "ridiculous."

Camila Alves is used to husband **Matthew McConaughey**'s yo-yo diets for roles. But a source says she's annoyed that while he packs on pounds to play a down-on-his-luck businessman in the upcoming drama *Gold*, he's letting their kids — **Levi**, 7, **Vida**, 5, and **Livingston**, 2 — indulge in unhealthy foods along with him. Camila, a former model, "can't stand that he's allowing them to have chips, ice cream and soda," the insider says. But Matthew, 46, "thinks it's fine for kids to enjoy sugary snacks once in a while and that she's being too strict." The argument has spilled onto the dinner table, where 33-year-old Camila sets out low-carb meals while Matthew is hoping for "a hearty supper after a long day of filming." Don't worry, Camila — knowing Matthew, he'll be on a diet again soon enough!

When **Heidi Klum** started dating **Vito Schnabel** in March 2014, they were on the same page about children: Heidi, 42, told Vito, 29, that having four kids was enough for her, while he was just a young playboy looking for a good time. But ironically, a source says, "all the bonding Vito did with Heidi's kids changed his stance on parenthood. Now he wants children of his own — and he's told her as much." Thanks to the art scion's new outlook, the insider adds, the couple may be doomed: "He doesn't see a future with Heidi anymore."

"Heidi realizes now that their age difference should have been a red flag," a source says.

"It's always been Jon's way or the highway," a source says.

Jon & Jennifer's HOUSE DIVIDED

Even though they split last month, **Jon Hamm** and **Jennifer Westfeldt** are still fighting — but lately it's over renovations to the L.A. house they shared during their 18-year relationship. The exes are preparing to sell the 1920s-era Los Feliz pad, which they purchased together in 2002, and a source says they're at odds over whether to add a pool. Jennifer, 45, believes the move would significantly boost the value of the property and "doesn't see why Jon is against it," the source says. But Jon, 44, argues it would "spoil the architecture." The insider says no matter what they decide, the situation is "a sad ending for them and the house they loved."

Gwyn

GRILLING CHRIS' NEW GIRL

Chris and Annabelle were spotted together in Paris on Oct. 18.

Apparently dating **Chris Martin** means also having to dodge his ex-wife, **Gwyneth Paltrow**. A source says Gwyn is “desperate” to meet the Coldplay frontman’s new woman, actress **Annabelle Wallis**, 31., and has been “bombarding” her with invitations to hang out and get to know each other. “Gwyn is up to her old tricks,” the source says. She claims just to be looking out for her kids’ best interests, but Chris knows her well enough to see through the act. She’s being nosy.” Last time around, Chris, 38, allowed Gwyn, 43, to intimidate his girlfriend **Jennifer Lawrence**, which was reportedly a major factor in their breakup this summer. And though Annabelle has told him she can look out for herself, the source says, he’s determined not to make the same mistake twice: “Chris told Gwyn to back off.”

Chris BUSTED WITH NO RING!

While his rep denies all reports of trouble in his marriage with **Anna Faris**, **Chris Pratt** was spotted buying groceries on Oct. 18 without his wedding ring. Chris, 36, is in Atlanta shooting the sci-fi flick *Passengers* with **Jennifer Lawrence**. A source says that while he doesn’t wear the band during filming, it’s “strange for him not to have it on away from set,” and adds that Anna, 38, “would be furious if she knew.”

A source claims Anna recently visited the set of *Passengers* because she is concerned about Chris’ chemistry with JLaw.

“They’re in a rough patch,” a source says.

Rob & FKA twigs IN THERAPY

Instead of fighting with each other, **Robert Pattinson** and **FKA twigs** are fighting for their relationship — and they’ve called in an expert. A source says Rob, 29, and twigs, 27, who got engaged in April, have started a premarital counseling course in hopes of getting their faltering relationship back on track. “Rob realizes he’s controlling and he sees Twigs getting cold feet,” the insider says. “He pushed for them to do this, because he thinks it will build trust.”

GEORGE & AMAL'S *Baby!* *Joy!*

HE SAID HE'D NEVER SETTLE DOWN, BUT **AMAL CLOONEY** MADE AN HONEST MAN OF **GEORGE**... AND NOW SHE'S MAKING HIM A FATHER!

There was no shortage of stars at the Oct. 27 premiere of *Our Brand Is Crisis*, a new political comedy produced by **George Clooney**. Yet even with **Sandra Bullock** proudly showing off her new boyfriend, **Bryan Randall**, on the red carpet, the person who generated the most whispers was George's wife, **Amal**. In a slim-fitting Roland Mouret dress, she was as gorgeous as ever, but astute observers noticed what looked like the very beginning of a baby bump. Now a source close to the couple claims: She's pregnant!

"She's so tiny that she's barely showing," the source says, "and even though the buzz is that she's just past three months, she'll probably be

able to hide it for a while." Figuratively, though, the internationally renowned lawyer, 37, and her Hollywood actor husband, 54, are "bursting at the seams — they are so excited about the news."

KEEPING IT HUSH-HUSH

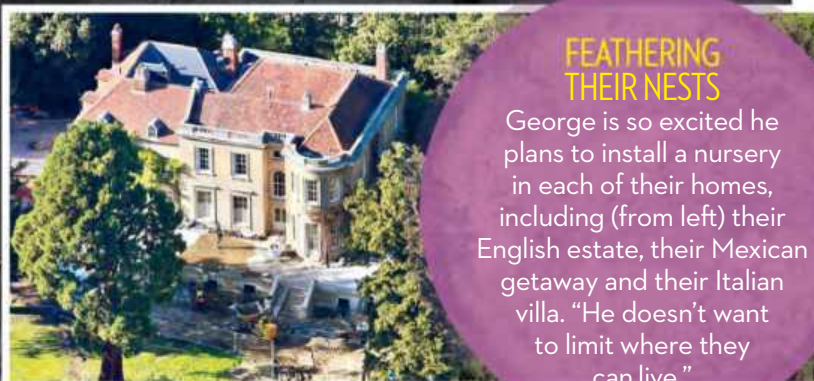

Even so, the plan is to play things very close to the vest; although it appears Amal has made it safely through her first trimester, the pair don't plan to announce the pregnancy for at least another month, maybe even longer. "They're paranoid about possible complications," the source explains, even though Amal is no more at risk than any other woman her age.

Her age — and, of course, his — also had the pair, who've been married for just over a year, concerned that they might have difficulty getting pregnant, but the source says they managed to

JUST PEACHY

Amal's pale dress seemed designed to cover her tiny bump, but the color might have been an inside joke; at 14 weeks, a fetus is the size of a peach!

FEATHERING THEIR NESTS

George is so excited he plans to install a nursery in each of their homes, including (from left) their English estate, their Mexican getaway and their Italian villa. "He doesn't want to limit where they can live."

OK! COVER STORY

conceive the old-fashioned way — which was good, “because she was worried about doing IVF. She thought it would be too hard on her body.”

A DEVOTED DAD-TO-BE

Of course, pregnancy isn't always a picnic either, so now that she's expecting, George is encouraging Amal to dial back on stress and make sure to put herself first. He's even hired a nutritionist to help ensure that she eats properly throughout the pregnancy. “He's hounding her about her diet,” the source claims. “He's pretty paranoid and will ask her at every opportunity whether she's eaten. When he goes away, he has food delivered to her to make sure she's getting some calories.”

Good grief! If George is treating his wife, a grown and very accomplished woman, with this much concern, one can only imagine how he'll act around the baby. He'll probably want to cover the newest little Clooney — they don't know the baby's gender yet, although George has said in the past that he'd love to have a boy — in bubble wrap!

EXPANDING THEIR FAMILY

George and Amal have also acquired a new fur-baby! On Oct. 28, they adopted a basset hound named Millie from a California shelter, making cocker spaniel Louie (left) a (smaller) big brother!

THE SKINNY MOMS CLUB

Contrary to what some say, a pregnant woman isn't really “eating for two.” In fact, at Amal's stage, she needs only 100 to 200 extra calories a day, according to Miami-based ob-gyn Dr. Steven Poliakoff, who does not treat the star. “We generally [advise women] gain between 20 and 25 pounds,” he says, adding that in some cases it can be safe to put on just 10 pounds over a pregnancy. Most important is simply that Amal eats well, for herself and the baby.

FAMOUS LAST WORDS

GEORGE SWORE UP AND DOWN HE'D NEVER HAVE KIDS... BUT THAT'S WHAT HE SAID ABOUT GETTING MARRIED AGAIN TOO!

TRADING ONE BOTTLE FOR ANOTHER

Of course, Amal's no dummy — she's taking advantage of George's enthusiasm by getting him to make some changes she'd been wanting him to make anyway, like cutting down on partying. "She's made him promise to stop drinking so much," the source says, adding that she's also put the kibosh on their epic, weekend-long double dates with George's business partner and chief drinking buddy, **Rande Gerber**, and his supermodel wife, **Cindy Crawford**. "Amal doesn't want to spend a wild weekend away with those two even during the best of times," the source says. "Now she's even less enthused — and, shockingly, George has said that he'll honor her request."

IT TAKES A VILLAGE

One thing that George hasn't asked Amal to do is quit working. Most recently, she's been in the Maldives,

fighting for the jailed former president's freedom; a local lawyer on her team was recently stabbed. "George worries about the dangers of her career," the source says, "but he knows that nothing is going to stop her from doing what she does, not even a baby."

Of course, he'll continue working as well; he's got two high-profile films due out next year and more in the works. "Family is really important to them," the source says, "but neither of them were 100 percent sure a baby would ever fit into the picture." (In fact, before he met Amal, George was 100 percent sure it wouldn't.) But, the source continues, "that doesn't mean they won't be amazing parents." And if they need a little help from time to time, they'll just ask the godparents; the source says they plan to tap George's pal **Matt Damon** and Amal's sister, **Tala Alamuddin**. It's early still, "but they can't wait to share their joy with their loved ones."

FAMILY FIRST?

Olivier has said he'd like a simple joint custody arrangement for son Maceo, especially in light of Halle's brutal negotiations with ex Gabriel over daughter Nahla. But insiders warn that Halle and Olivier's inability to communicate or compromise doesn't bode well. "They both have a lot of pride," says a source.

Halle & Olivier

IT'S OVER!

AFTER TWO ROLLER-COASTER YEARS OF MARRIAGE, **HALLE BERRY AND OLIVIER MARTINEZ** ARE DIVORCING

The third time was hardly the charm for **Halle Berry**, whose latest marriage, to French actor **Olivier Martinez**, has officially imploded. Insiders report that communication between Halle and Olivier, both 49 — who married in 2013, when Halle was pregnant with their son, **Maceo**, 2 — had “totally eroded” in recent weeks, despite their happy-family front while attending a mid-October Halloween party.

“They’ve barely talked for months,” says an insider. “He blamed her hours on her show, *Extant*, but even when that got canceled, they didn’t bother to discuss their issues — which to Halle was a clear sign it was over.”

Olivier’s temper likely contributed to the demise: In 2012, he physically attacked model **Gabriel Aubrey**, Halle’s ex-boyfriend and the father of her daughter, **Nahla**, 7; and earlier this year, he went after an airport employee. But insiders say headstrong Halle has some feistiness of her own. “She’s one of the most high-maintenance women,” claims a source. “She’s arrogant, hot-tempered and deeply insecure. It’s telling that her relationships never end on a good note.”

THIS IS THE END

Indeed, Halle hasn’t had the most amicable breakups. Her first marriage, to Atlanta Braves outfielder **David Justice**,

ended in 1997 with Halle claiming abuse, filing for a restraining order and finally attempting suicide. After her second husband, singer **Eric Benet**, cheated on her multiple times, Halle swore she’d “never, never get married again.”

But while Halle has pointed to her abusive father as a reason she compulsively chooses volatile men, an insider claims that she simply “craves drama,” adding that she once had

Gabriel followed by a private detective and “was always upset over the most trivial things... even David has said her temper was explosive.”

Says a source, “Halle and Olivier are both psycho. Their hotheaded personalities just didn’t mesh. Right now, they seem amicable with sharing custody of Maceo, but this divorce could turn very ugly. They’re both vengeful people.”

Gabriel claimed that after refusing Olivier and Halle’s request to raise Nahla in France, Olivier threatened to kill him — and pummeled his model mug in Halle’s driveway.

TRAVEL SAFE?

In January of this year, Olivier attacked an LAX employee with his son’s (empty) car seat — but the victim hit back, with a \$5 million lawsuit.

BLUE STEEL?

He may be ridiculously good-looking, but sources say Justin is oddly fixated on his looks and beauty products — including anything that might help his receding hairline! “He’s obsessed with grooming,” says a source. “When they go out for the night, he starts getting ready first — he needs way more time!”

JUSTIN & JEN'S

BIZARRE **MARRIAGE**

FROM SEPARATE BEDROOMS TO AN ON-CALL MARRIAGE COUNSELOR, OK! HAS THE INSIDE SCOOP ON JENNIFER ANISTON AND JUSTIN THEROUX'S HOLY UNION

SQUAD GOALS

Jen and Justin have redefined the romantic getaway — by insisting that their annual Christmastime trek to Cabo San Lucas be rounded out by a gaggle of their besties, including regulars **Howard Stern**, **Courtney Cox** and **John Krasinski** (and the requisite

plus-ones). Even their honeymoon in Bora Bora was a community affair, with **Jason Bateman** and **Jimmy Kimmel** along for the ride. “If Jen and Justin had a long weekend alone, they’d probably end up killing each other,” says a source. Whatever works!

Jennifer Aniston and **Justin Theroux** were pros at being engaged (their betrothal lasted three years!), but three months after their top-secret backyard Bel Air, Calif., wedding, the loved-up A-listers are experiencing a slightly awkward honeymoon phase.

Jen, 46, had a “state of the

marriage” dish session with her closest pals, and insiders report that while she’s adapting well to married life, some of her marital methods are as peculiar as Hollywood itself.

ALONE TOGETHER

The good news: Jen has never been happier! “That includes her time with **Brad Pitt**,” discloses a pal, who adds that Jen and Justin are giving truth to the newlywed cliché. “She says their sex life is off the charts and that Justin is very adventurous. Their new thing is eating dinner in the nude!

Jen says marriage seems to have made Justin even more passionate.”

Indeed, the *Leftovers* actor, 44, recently admitted that marrying his longtime girlfriend has had an energizing effect. “It’s fantastic,” he said. “Something really does shift in a wonderful way, and it refocuses things... it was a long time coming.”

But while the newlyweds are joined at the hip in spirit, an insider reveals

that what keeps their spark alive is plenty of time apart! “There’s no doubt they love each other and really are best friends, but they’re careful not to spend too much time together,” says the friend, who adds that they’re rarely together for more

than four hours on a given day. “They just enjoy their own space too much. They actually get along better when they’re on separate coasts. They flirt by text and love to send each other pictures of their wedding rings.”

Even when they’re in the same house, the source says, they typically retire to separate bedrooms. “Justin likes to read in bed, watch TV, browse the Internet and send emails — often all at the same time,” says the pal. “He drives Jen nuts when she’s trying to get some sleep.”

GOOD ADVICE

The bedroom arrangement was likely the suggestion of Jen’s marriage counselor, whom friends say she keeps on retainer — and on call — for \$5,000 a month. “Jen asks for advice on all aspects of the relationship,” says a pal. “She knows she has a tendency to be controlling, and having finally gotten Justin to the altar, she doesn’t want to drive him away.”

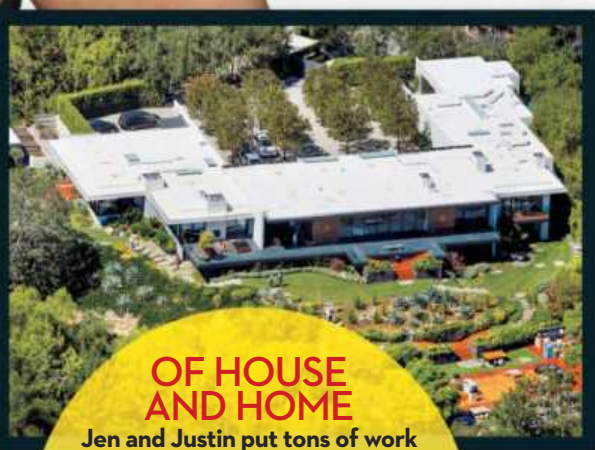

They have extra incentive to work out their issues, as they’re currently preparing for babies! Sources say Jen, who turns 47 in February, has begun IVF treatments and is hoping for twins. “She even has side-by-side nurseries set up in her house,” says a source, adding, “Jen and Justin may not be a conventional married couple, but they’re on the same page about most things — which is why their relationship works.”

OF HOUSE AND HOME

Jen and Justin put tons of work into customizing their Bel Air mansion, and Jen is reportedly extra particular about keeping it pristine. A source reports that when Justin’s combo of hair products — including regrowth potions — stained their pricey pillowcases, “Jen went nuts! Everything has to be exactly the way she likes it.”

Despite performing this chummy duet on Oct. 21, Taylor and Miranda have been at odds for years. "They just don't mesh," a source says.

They were the picture of strutting solidarity in Greensboro, N.C., on Oct. 21, when **Miranda Lambert** shared the stage with **Taylor Swift**, singing Miranda's hit "Little Red Wagon." The latest celebrity cameo on Taylor's 1989 world tour, Miranda even sported a special tank top for the occasion. Behind the scenes, however, sources report tensions between the stars were running high. Taylor's rep denies it, but an insider says, "They cannot stand each other. Miranda jetted out right after the show. They barely said a word to each other."

Chilliness is par for the course with these blonde beauties, who've been competitive ever since Taylor, 25, joined Miranda, 31, on the Nashville scene

in 2006. “They were both battling to be the up-and-coming female country star,” says the insider. “Now they don’t even try to be friends.”

FORCING THE ISSUES

The pair’s awkward (yet fan-pleasing) duet was a reflection of the tough year Miranda has had. “The performance was a favor to her management team,” says the source. “They’ve been in overdrive since her divorce from **Blake Shelton** and the backlash over rumors that she cheated. Who better to place her with than America’s golden girl, Taylor Swift?”

For her part, “Miranda’s had to do a bunch of stuff she wouldn’t normally do for the sake of repairing her image,” says the insider. “That includes taking the stage with Taylor.”

A therapist would have a field day with the issues that divide the stars. Miranda, whose fame really took off after she was linked to Blake, “resents the fact that Taylor was able to do it all on her own,” says the insider. “Deep down, she’s very insecure, and Taylor has really grown to be one of the most self-assured celebrities out there.”

It hasn’t helped matters that Taylor reached out to support Blake, 39, after the divorce in July. “Taylor adores Blake in a big-brother way,” says the insider. “She’s always been closer to him, and Miranda hated that.” As for Taylor, “She thinks Miranda is a bully who will stomp over anyone to get her way,” adds the source. “She’s seen and heard about Miranda’s dark side many times, and that’s not the type of friend she wants in her life.” So, no pajama party at Tay’s anytime soon?

RIENDS!

PAST MAMA DRAMA

Drew Barrymore's teenage tension with mom Jaid famously carried over into her adult years and beyond; when the actress, 40, wed art consultant Will Kopelman in 2012, her \$5 million budget simply couldn't accommodate the mother of the bride. "We both discussed it, and we just thought it would be best," Drew said at the time. Mutual, schmutual!

Nixed From The Nuptials!

Couples can be cutthroat when it comes to wedding guest lists — but these stars snubbed their own parents!

NO A-LIST MOVIE STARS ALLOWED

Tom Cruise and Nicole Kidman's adopted daughter Isabella, 22, didn't exactly elope — in September, she wed IT consultant (and fellow Scientologist) Max Parker at a five-star London hotel, with friends from the Top Gun himself. But an insider says the bride kept Mom and Dad off the list to keep her big day from devolving "into a circus."

Mission impossible: having Tom and Nic at your wedding and keeping the focus on you!

NOT FRIENDS, BUT FOES?

Jennifer Aniston was long estranged from mom Nancy Dow — and even after a recent reconciliation, Mom didn't make the cut when Jen, 46, wed Justin Theroux in August. Neither did Dad John, who walked Jen down the aisle at her 2000 wedding to Brad Pitt. Was he a bad-luck charm?

TORI & DEAN: ALONE ON AN ISLAND

Not long after **Tori Spelling** and **Dean McDermott** left their first spouses in 2006, they got hitched in Fiji in front of the people who mattered most — each other. “We met and fell in love without our friends and family, so why not get married that way?” Dean reasoned. The ever-icy distance between Tori, 42, and her mom **Candy?** Merely incidental.

ROCK 'N' ROLL REBELLION

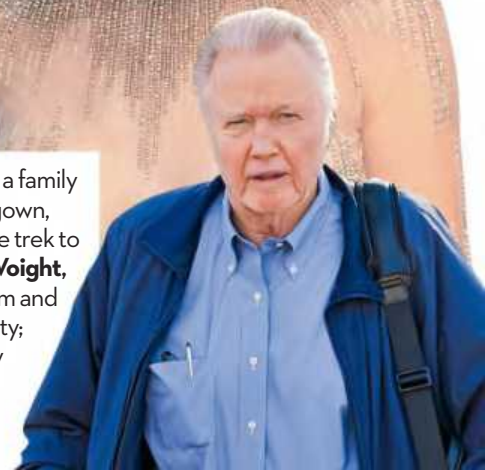

Sources say **Frances Bean Cobain**, 23, wanted a drama-free wedding with rocker **Isaiah Silva** — so she nixed her unpredictable mom, **Courtney Love**, who was quick to fire off a defensive message via Instagram: “If you think I’m sorry for being a no-show at any important events this week, think again. I was with [British model] **James Norley**.”

Courtney reportedly supported her only child's plans to wed — from afar.

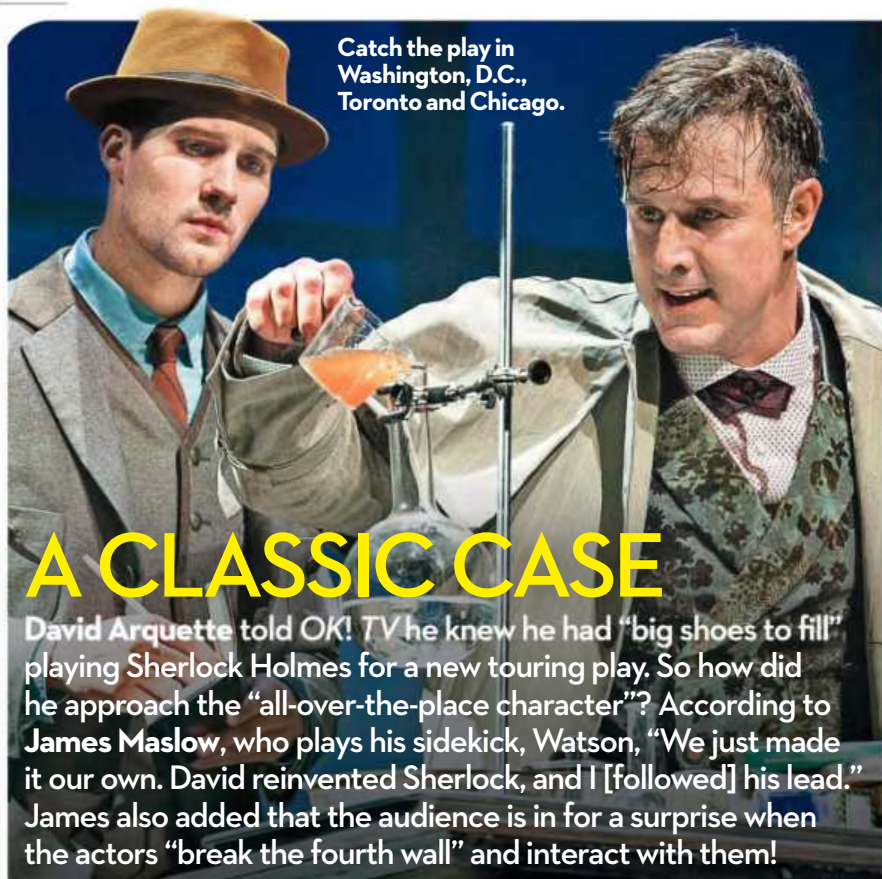

DADDY NOT-SO-DEAREST

Brad Pitt and **Angelina Jolie**'s 2014 wedding was a family affair — their six kids helped decorate Angelina's gown, and Brad's parents, Bill and Jane, happily made the trek to France. Conspicuously absent? Angie's dad, **Jon Voight**, whom Angie's accused of mistreating her late mom and who, sources say, may have seemed a media liability; the loose-lipped actor once went on record to say Angie, 40, had “serious mental problems.”

Sienna Miller is a survivor. The 33-year-old Brit endured embarrassing public scrutiny in 2005, when her engagement to **Jude Law** blew up over

his affair with his children's nanny, and again when her voicemails were dissected in the U.K. phone-hacking scandal of 2011. Through it all, she has morphed from standard-issue It Girl into accomplished stage actress and costar of awardworthy films like *Foxcatcher* and *American Sniper*. "I felt like a shell for a while, and there was a lot of anxiety in me," says Sienna, who reteams with *Sniper*'s **Bradley Cooper** for the chef drama *Burnt*. Now, she adds, "I'm gaining inner confidence." Sienna, who also delights in her role as mom of **Marlowe**, her daughter with ex **Tom Sturridge**, opens up about how she found balance.

You're in so many movies lately. Is there a reason you've been so busy?

I do feel pressure, in that I have a 3-year-old daughter now and she comes with me wherever I go. By the time she starts school, it's going to be harder to just take her with me. So my idea was to work really hard now and lay the foundation.

In *Burnt*, Bradley Cooper plays your rageaholic boss. Would you work for a guy like that in real life?

Yes, if I was passionate and he was the best at what he does. Of course,

With Marlowe, her daughter with actor Tom Sturridge; the couple reportedly split in July.

if a director grabbed me by the throat, I would walk off the film for sure!

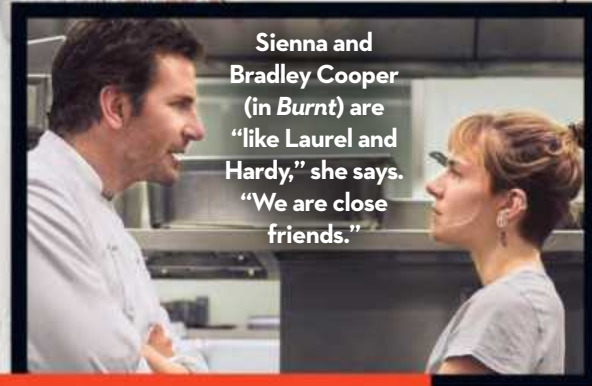

How do you see yourself right now?

I feel I am evolving a lot. As you get older, you gain experience — and that gives you more access to emotion, to empathy. I am more grounded and interested in the psychology of people. Today I feel less ambitious, in a sense, and more willing to throw myself into my work.

Jennifer Lawrence recently attacked pay inequality for women in your industry.

How do you feel about that?

A couple of months ago I was offered a part on Broadway, for less than half what they were paying the man. And I walked away from that job offer. Listen, I know [actors] get paid so much more than normal working folks, so we need to put some perspective on that. But we're also in a position to talk about it. It's outrageous that we live in a culture where [pay] is this unequal. **OK!**

Sienna and Bradley Cooper (in *Burnt*) are "like Laurel and Hardy," she says. "We are close friends."

Geoffrey Zakarian's FRENCH TOAST

SERVES: 4
TOTAL TIME:
8 HRS. AND 10 MINS.
SKILL LEVEL
😊😊😊😊😊

In the boisterous, ego-driven world of TV chefs, **Geoffrey Zakarian** stands out as kind of statesman: refined, understated, focused. It's a spirit he brings to his many high-end New York City restaurants, including Palm Court at the Plaza Hotel, where guests have included **Leonardo DiCaprio** and **Martha Stewart**.

One of the standout brunch dishes: his French toast, made with sweet and spongy challah bread that's prepped the night before. "The small amount of added sugar works well," Geoffrey says. "And what could be better than a delicious and elegant dish like French toast to start the day?" No argument here!

Ingredients

- 1 vanilla bean, split
- 1 pint heavy cream
- 1 dozen extra large egg yolks
- 1/4 cup sugar
- 4 tbsp. Grand Marnier
- 1 tsp. orange zest
- Pinch of salt
- 12 slices challah bread, 1 inch thick
- Powdered sugar
- 16 strawberries, washed, trimmed and halved
- 4 tbsp. blueberries, washed
- 24 raspberries, washed
- Maple syrup, to taste

Directions

- 1.** To make French toast batter, combine first seven ingredients in shallow pan. Mix thoroughly and let chill in refrigerator overnight.
- 2.** Lay out challah slices on sheet pan overnight, uncovered, to dry.
- 3.** In the morning, remove vanilla bean and soak dry bread in batter until

liquid is absorbed through to the center.

4. Cook French toast on a griddle until golden brown, then finish in oven, if needed, until toast is cooked in the center.

5. Arrange French toast on plates. Dust with sugar and garnish with berries. Serve with maple syrup.

Where to shop, with **Nikki Lane**

Before her big break, Nikki worked as a fashion designer in Greenville, S.C. Now the 32-year-old, raspy-voiced star spends her time on tour, but when she's not singing, she's scouring the country for vintage clothes to stock her Nashville boutique, High Class Hillbilly. As a store owner, she *really* knows the shopping scene. "Why am I telling my secrets?" she asks, before sharing them all.

What to see and do, with Jana Kramer

Before her country career, Jana, a Michigan native, spent eight years living in L.A. But it's Nashville, where she moved in 2010, that she considers home. "People are just so nice and down-to-earth. It's not as rushed," she says. The slower pace is ideal for the 31-year-old pregnant singer. "I'm not a big club girl," she says, preferring to spend nights in cooking with husband **Michael Caussin** (right) or experiencing the best of Nashville culture.

BURNT

Bradley Cooper, Sienna Miller
| R | Oct. 30

This rousing, must-see drama offers a sneak peek into the frighteningly intense world of high-end kitchens. In another buzz-generating star turn, Oscar nominee **Bradley Cooper** plays Adam Jones, a cooking prodigy who dropped out of high school at 16 and moved to Paris to prove himself in the world's best restaurants. But the rock-star-chef lifestyle led him to drugs and alcohol. Realizing he needs a change, Adam moves to London, where he gets a second chance to earn the accolades he craves. Cooper's fiery performance will leave you inspired (and hungry) as Adam learns to tame his vices and inspire his staff to achieve gastronomic perfection. The movie's a feast for the eyes — and soul — that's sure to earn rave reviews from even the most finicky critic.

TV PREVIEW

THE ROYALS

Sun., Nov. 15, at 10 PM ET on E!

Season 2 takes place eight weeks after King Simon's murder, with his brother, Cyrus (**Jake Maskall**), taking the throne — much to the dismay of both the royal family and the public. Unhappy with Cyrus' new power, Queen Helena (**Elizabeth Hurley**) becomes determined to find a way to reorder the succession so that she can ascend to the seat of power in the event the new king is unable to perform his duties. Meanwhile, Prince Liam (**William Moseley**) is still distraught over his father's death and dedicated to uncovering who's responsible.

SCHEANA SHAY STAR OF VANDERPUMP RULES

OK! Q&A

Being on reality TV isn't all fun and games — just ask *Vanderpump Rules*' **Scheana Shay** (a server at **Lisa Vanderpump's** restaurant **Sur**), who doesn't love tackling marital issues on camera. "The hardest part is just putting stuff out there," says Scheana, adding that she "couldn't regret it more" when she discussed her husband **Michael's** past drug use. Read on to get the scoop on the show's fourth season.

You and Michael have been married for more than a year. Any plans for kids?
Not right now. Maybe in three to five years. We want to enjoy being married and travel and do all that fun stuff before we even consider it.

How is your relationship with Lisa this season?

It's still great. The only issue I had was that she pries a little too much into my relationship. As much as I appreciate the marital advice she's given us, she doesn't know everything she's talking about. But Lisa is a person who's always right, so you just have to smile and nod.

There are some new girls working at Sur — was it hard to incorporate them into your group?

Yeah, because our group is pretty set. We have that **Drake** motto, "No new friends." We weren't looking for additions. So to have new girls around, we were like, "We were fine before you got here." But we're a family at Sur and we don't leave people out, so it was just an adjustment.

ABOUT RIGHT NOW

IT'S ALL GREEK TO GWYN!

Her 'do wasn't quite as monstrous, but the wind-blown Oscar winner nailed a pretty spot-on impression of the mythic Medusa, who had the power to turn onlookers to stone.

GWYN'S HAIR-RAISING SITUATION

She's gone with the wind! **Gwyneth Paltrow** may be an A-list movie star, but even she can't maintain a glamorous look in the middle of a rainstorm. The actress was headed into JFK airport on Oct. 28, but it seems she was unprepared for the crazy New York City weather, and her blonde locks went flying into the air — giving her an uncanny resemblance to the mythical creature Medusa! Hopefully, Goop's next line of accessories will include hair ties.
